For questions on any of the items, please feel free to call us at (207) 592-1476.

Nolt's 6-Row Planter with Transplant Wheels

Nolt's 6-Row Planter & Transplant Wheels

Originally purchased as 3 two row transplanters. The first one we bought about 2010 and the other two about 2017 (without water tanks). We have not used it in two years but it is in good condition. We have the seats

though a couple may need some repair. We also are including 14 transplant wheels (shown). Six wheels are 18" spacing for squash or pumpkin transplants. I believe we have six wheels at 6" spacing for beets or onions. I don't recall the other two sizes. We used a 100 HP tractor with a bucket loader for counterweight when all six people were riding. The individual units are simply pinned to the main bar so disassembly would be a matter of minutes. **\$5000**

Case International Model 568 Seedbed Conditioner (about 13')

Case International Model 568 Seedbed Conditioner (about 13')
 Field ready, older seedbed conditioner. We replaced it with a bigger one.
\$5000

Plastic mulch layer w/drip attachment

Plastic mulch layer w/drip attachment

Very good working 48" plastic mulch layer with drip irrigation attachment.
 Field ready. **\$1500**

TEW Bar-Mounted Multi-seed Planter

TEW Bar-Mounted Multi-Seed Planter-Good as new except paint **\$650**
Irrigation Pipe

Irrigation Pipe-We have 40-50 sections of 3" id x 30' aluminum irrigation pipe. We also have over 50 sections of 3" id x 30' plastic pipe. The aluminum pipe has hydrants (and likely sprinkler heads) attached to most sections. All of our pipe has quick connectors. Aluminum pipe is \$1.50 per foot; plastic pipe is \$.50 per foot.

Bale Conveyor

Bale Conveyor-16' bale conveyor-\$800

Dual Wheel 18' Bulk Trailer

Dual Wheel 18' Bulk Trailer-The trailer was made from a 60 Series Chevy Truck, and only used a few times. Body is okay. Lag bed is worn.
\$2500
